

Dear Ms. Salazar thank you for giving us
a free book that you wrote. My favorite part of
your book is the circus part, I like that part
because it is an outside circus. Thank you for
telling us about your book a seed in the
sun. I hope you make more books
like seed in the sun. I hope you also
do more real life books. Your book is
a great inspiration. I love the slides you
made about your family and the circus
slide. I learned a lot about your family
and what was hard for you in your
life.

Mi parte favorita fue
cuando papá chifla y eso se
sigue así: ¿Dónde está?; Deja de
pedir el tiempo de jugar a jugar.
Esa fue mi parte favorita, que eso
es un buen momento para hacer
cosas buenas.

Dear Aida Salazar,

Thank you so much for doing the book talk with us! I wasn't there for most of it but I am still very appreciative of everything you have done for us. I haven't read "A seed in the sun" yet but I am so excited to. I also read "The moon within" and I liked it so much I finished it in one day. It reminded me of "Are you there god? it's me, Margaret." It made me think differently about periods, and I really liked learning about different traditions.
